a•bode¹ | **a'bōd** | **noun** *formal, or literary*

You are most welcome to my humble abode.

HOME, house, a place to **EXPERIENCE LIFE**/habitation, habitat, base seat; quarters, lodgings, rooms; address, location, place, whereabouts; *informal* pad, digs, diggings; *formal* dwelling, dwelling place, residence, habitation.

Why glasHOUS?

1

Quality: Premium design, products and materials

Discover ABÖD 36's unparalleled commitment to quality. From the commercial-grade all-steel structure to the floor-to-ceiling operable glass walls, every detail is meticulously designed to evoke awe and elevate your experience. glasHOUS feels twice its size, yet lives even bigger.

What sets us apart? Our unwavering dedication to premium materials and commercial-grade products .

2

Cost: Prices that can't be matched

Unlock a world of unmatched value with ABÖD 36's groundbreaking manufacturing approach. Our secret lies in harnessing market dynamics to your advantage, ensuring prices that defy comparison. When we say "can't be matched," we mean it—our commitment to affordability sets us apart. Explore the extraordinary at ABÖD 36 !

3

Ease: Fast and easy 2-day install

ABÖD 36's glasHOUS is 95% shop-built for quality and ease of installation. The remaining 5%? The balcony, which is also premanufactured. We screw the footings into the ground, drop in the glasHOUS, then lock the balcony in place. Done .

Why Do You Need a glas**HOUS**?

Configuration	Use
1 Home office	I'm tired of working in a noisy house, I want an office outside.
2 Home schoolroom	I'm home-schooling and need a dedicated schoolroom.
3 Home gym	I want a home gym, I don't like working out with others.
4 Man cave	I want a man cave.
5 Poolhouse	We want a poolhouse and party room.
6 Spare room w/ bed	We need another room. My mom is tired of sleeping on the sofa.
7 Art studio	I need a small art studio so I can paint in peace.
8 Hotel room	I own a glamping retreat. Some guests want a "real" room.

Traditional contractor	no	no	no	no	no

* glasHOUS 1 is less than 120 square feet. In most jurisdictions, due to its size and installation method, glasHOUS 1 is considered a "garden shed" and therefore does not require planning approval or a building permit. Owners must contact the local government or construction department to confirm local requirements.
